# CRESCENT INNOVATION IGNITE

Investigate, Formulate, Litigate, Calibrate

**Ideas Today. Impact Tomorrow**

@crescentschool\_dubai

# OVERVIEW

The Crescent Innovation Ignite [CII] is an inter-school event that brings students together to explore, create with, debate, and critically evaluate artificial intelligence. The event combines technology, entrepreneurship, creativity, and real-world problem-solving. Its purpose is to empower students to use AI responsibly, innovate, and develop entrepreneurial thinking.

# COMPETITIONS

Gr 9 - 12

## AI INNOVATE

Teams identify a real-world problem and develop an AI-powered solution, prototype, product, service, dashboard, application, or concept. Teams demonstrate and pitch their solution to judges.

Gr 7 - 8

## AI VIBE CODING CHALLENGE

Teams use AI-assisted coding tools to create a functional prototype within a fixed time. The focus is building, usability, creativity, and problem-solving rather than traditional algorithmic coding.

Gr 9 - 12

## AI SHARK TANK

Teams pitch an AI-based product or startup to a panel acting as investors. The teams identify the problem and target user, AI solution and competitive advantage, business model and feasibility, prototype/demo, and engage in investor Q&A.

Gr 5 - 6

## PROMPT ENGINEERING ARENA

Participants compete in a live round by designing effective prompts to complete practical tasks.

# ELIGIBILITY

| Competition              | Eligible Grades | Participants                     |
|--------------------------|-----------------|----------------------------------|
| AI Innovate              | 9 to 12         | Max 3 students<br>Min 2 students |
| AI Shark Tank            | 9 to 12         | Max 3 students<br>Min 2 students |
| AI Vibe Coding           | 7 and 8         | Max 3 students<br>Min 2 students |
| Prompt Engineering Arena | 5 and 6         | Individual participants          |

# WHY PARTICIPATE?

Artificial intelligence isn't just about algorithms and code; it's about creativity and potential. Participating in this event means stepping up to shape a future where technology solves real human problems and brings people closer together. You aren't just joining an event, you are helping build a brighter, more compassionate tomorrow.

- Empower Your Voice
- Ignite Creativity
- Connect & Grow

YOUR CODE.  
YOUR VISION.  
OUR FUTURE.
